METRO DIGITAL

ARTWORK TEMPLATE

Tension Fabric Display

20' straight

Print size with bleed: 236.00" x 89.50" (this template is drawn at HALF SIZE)

Bleed edge: extend your background to this line

Safe line: keep text and logos inside

1. Put your design on its own layer under this one.
2. Extend the background all the way to the magenta line.
3. Keep text, logos and faces inside the dashed line.
4. Use CMYK color, images at 240 ppi in this half-size file (120 ppi at full size); outline or embed fonts.
5. Delete this TEMPLATE GUIDES layer, then save as PDF or JPG.
6. Upload it on the product page with your quote request.

4 in. bleed on every side. Keep important content inside the dashed line.
